

CONSERVATION MEASURE 117/XV^{1,2}
Monthly Fine-Scale Effort and Biological Data Reporting System
for Trawl and Longline Fisheries

This Conservation Measure is adopted in accordance with Conservation Measure 7/V, where appropriate.

This Conservation Measure is invoked by the Conservation Measures to which it is attached.

1. Specification of 'target species' and 'by-catch species' referred to in this Conservation Measure shall be made in the Conservation Measure to which it is attached.
2. At the end of each month each Contracting Party shall obtain from each of its vessels the data required to complete the CCAMLR fine-scale catch and effort data form (trawl fisheries Form C1, latest version or longline fisheries Form C2, latest version). It shall transmit those data in the specified format to the Executive Secretary not later than the end of the following month.
3. The catch of all target and by-catch species must be reported by species.
4. The numbers of seabirds and marine mammals of each species caught and released or killed must be reported.
5. At the end of each month each Contracting Party shall obtain from each of its vessels representative samples of length composition measurements of the target species and by-catch species from the fishery (Form B2, latest version). It shall transmit those data in the specified form to the Executive Secretary not later than the end of the following month.
6. For the purpose of implementing this Conservation Measure:
 - (i) length measurements of fish should be of total length to the nearest centimetre below;
 - (ii) representative samples of length composition should be taken from a single fine-scale grid rectangle (0.5° latitude by 1° longitude). In the event that the vessel moves from one fine-scale grid rectangle to another during the course of a month, then separate length compositions should be submitted for each fine-scale grid rectangle.
7. Should a Contracting Party fail to transmit the fine-scale catch and effort data or length composition data to the Executive Secretary in the appropriate form by the deadline specified in paragraphs 2 and 5, the Executive Secretary shall issue a reminder to the Contracting Party. If at the end of a further two months those data have still not been provided, the Executive Secretary shall notify all Contracting Parties of the closure of the fishery to vessels of the Contracting Party which has failed to supply the data as required.
